SECTION 2, SUBJECT INDEX

This subject index follows the format of the National Library of Medicine's *Index Medicus*. Headings have been added.

Entries take this form: Volume and number, senior author, first page of the article. For example, 12:7 Severson (911) refers to the article "Heroin Detoxification with Acupuncture and Electrical Stimulation," by L. Severson R. A. Markoff, and A. Chun-Hoon, found in issue 7 of this volume, beginning on page 911. From this section of the index, reference can be made to Section 1 for the full title and authors of a particular article.

All original contributions to *The International Journal of the Addictions*, Volume 12, are indexed. Book reviews and communications are not included.
